

CA Solar LLC
LED Spot Lighting

Energy efficient, environmental friendly products that last 10 years.
Make retrofit and no more frequent lamp replacement.
Payback time in as less as 2 years.

Features

- Direct retrofit for most incandescent or halogen lamps using standard E26 screw-in sockets
- Energy efficiency: Saving up to 65% than traditional incandescent lamp.
- Long life: Last up to 50,000 hours & 10 times longer than standard incandescent lamp.
- No radiation. No mercury, no lead material used in the products.
- Low Maintenance: Saving labor of frequent lamp replacement.
- RoHS and CE complaint. 5 year limited product warranty.
- Material: Aluminum
- Good light focusing. Best for using in retail stores, hotels, restaurants, clubs, exhibition or decoration rooms, etc.

Specifications

Item No.	Power (W)	Voltage (V)	Color Temperature (K)	Luminous Flux (lm)	Beam Angle (°)	Dimension (mm)	Incandescent Lamp Equivalent	Life Time Electricity Saving* (\$)
DMR003-C	3.5w	100/240	3800-6000	250 lm	30/60	φ49*74	20w	\$60
UH-DHP30071	7w	100/240	3800-6000	400 lm	15/25/45/60	φ94*99	40w	\$100
UH-HDP30091	9w	100/240	3800-6000	560 lm	15/25/45/60	φ95*98	50w	\$160
DAR015-A	15w	100/240	3800-6000	1000 lm	30/45/60	φ112*130	70w	\$250

* Based on \$0.12/kwh electricity cost and expected life time.
